MEDIA DATA 2019 | NO. 40A

NEW! SKIPPER Bootshandel

Together with the well-known magazine "Bootshandel", the experienced editorial team of SKIPPER covers the world of boating with the exception of multi-million-dollar luxury yachts. The leading practical magazine for dedicated water sports enthusiasts takes a monthly look at the maritime feeling and the topics of sailboats and motorboats. Comprehensive test reports are a main focus for beginners and pros. In addition to news from the scene, SKIPPER Bootshandel, as an important link between the industry and consumers, also offers interesting facts about technology and useful, practical tips and tricks. Expert reports, among other things about attractive regions for boating and domestic and international destinations as well as lifestyle and accessories provide real additional value. Furthermore, there is a big used boat market and articles from the sister-magazine RUTE&ROLLE

The loyal target audience includes water sports enthusiasts, 30 years and older with a higher net household income.

SKIPPER Bootshandel is sold in Germany, Austria, Switzerland and the BeNeLux countries.

Your benefits at a glance

- A unique magazine with a focus on boats, cruises and technology
- From the north to the south: We cover the fascinating world of water sports throughout the German-speaking region.
- Advertisers from the boating industry, branded companies and lifestyle companies are provided an optimum environment for their brands, products and services.
- All motorboat fans, sailboat fans and fishermen will get their money's worth with SKIPPER Bootshandel.
- In SKIPPER Bootshandel, we offer our readers one of the largest used boat markets in the German-speaking region.
- Thousands of unique visitors on www.skipper-bootshandel.de receive relevant topics
- E-Paper and mobile app solutions guarantee a great reading experience – everywhere and anytime.

1. „Advertisement“ or „advertisement order“ in accordance with the following General Business Terms and Conditions is the contract regarding the publication of one or several advertisements, inserts and/or bound inserts of a promoter for the purpose of distribution in printed matter of MuP Verlag GmbH.
2. Advertising orders shall be executed within one year after conclusion of the contract. Should the right to recall individual advertisements be extended to the client, the order shall be executed within one year of the appearance of the first advertisement.
3. The publisher shall be entitled to decline advertisements and orders for insertion even after the conclusion of the contract by reason of their content, on the grounds of origin or technical form in accordance with the uniformly applicable regulations of the publisher, if such content conflicts with the law, with legal provisions, or with common moral standards, or if the publisher deems their publication unreasonable. This shall also apply to inserts and supplement contracts. They may also be declined if they would tend, through their format or layout, to create in the reader the impression that they form an integral part of the magazine or journal.
4. The publishing company shall only be bound to include advertisements in certain editions or at certain positions in case of corresponding written agreement.
5. Advertising orders are binding, if they are given in person, by telephone, in writing, or by telecopier. The information contained in the publishing company's confirmation of order is the information the publishing company uses to carry out the order.
6. The customer shall ensure the timely delivery of impeccable, suitable print documents. As a rule we receive these as data ready for print in accordance with our respective actual technical information, such as are printed, for example, in our „media data“. Print documents which deviate from this must be coordinated with the advertisement department of the publishing company in advance. A proof with binding colours and contents must be made available to the print office stated by the publishing company with the data delivery for purposes of quality control. The publishing company assumes no guarantee for colour rendition and contents in the absence of a proof.
7. Any costs for changes to originally agreed executions and for producing or data processing of necessary print documents and drawings and other print preliminary stage costs, also for cancelled advertisements, shall be borne by the customer. The print files (print documents) shall be deleted one month after publication of the magazine concerned. Other print documents shall only be returned to the customer upon special request. The duty for storage shall also end after one month.
8. Proofs shall only be supplied at the express request of the customer. The customer assumes the responsibility for the accuracy of returned proofs or contact pressures and if applicable corrections which may have been made. If the customer does not return the proof sent to him within the set deadline, the authorization to print is deemed as granted.
9. The customer shall be entitled to a reduction in payment or a substitute advertisement in case of whole or partially illegible, incorrect or incomplete printing of the advertisement, however only to the extent, in which the purpose of the advertisement was impaired. Further claims against the publishing company are excluded. Complaints must be asserted within the

exclusion period of one month after receipt of invoice and voucher. A right of cancellation is granted under the condition that the cancellation is announced at least three weeks before the respective closing date.

10. In the case of box number advertisements the publisher shall bear only such liability as is customary in the publishing business for the safekeeping and timely forwarding of mail. Liability for indirect damages is excluded. Registered and express mail shall be forwarded by normal mail. Storage time for incoming mail shall be four weeks after receipt. After that time, mail received shall be destroyed.

11. No claim under the warranty or for compensation for damages shall be admitted that has not been made within four weeks after publication of the advertisement through a written notification of errors.

12. If an order is not carried out for circumstances which are beyond the control of the publishing company the customer must reimburse the publishing company the difference between the granted discount and the discount which corresponds with the actual acceptance irrespective of possible other legal obligations. In the event that the publishing company is responsible for the circumstances which prevented the performance, the obligation for reimbursement shall cease to apply.

13. Invoices are to be paid in full within 14 days from the publishing date of the relevant advertisement or within 8 days minus 2 % cash discount. Cash expenditures (such as Postages for extras) are not to be discounted. All prices exclude the legal VAT. Special agreements are only valid if written down.

14. All contracts shall be subject to the laws of Germany. For contracts between independent foreign subsidiaries and their clients, the law of the country in which the subsidiary is registered is binding. Place of performance and jurisdiction is the headquarters of the subsidiary.

15. Place of performance and judica venue is the city of Munich.

16. In accordance with §§ 26 and 34 of the Bundesdatenschutzgesetz of 01.01.1978 we herewith give notice that we shall be employing electronic data processing for administration and invoicing of the contract. For this purpose we or a third party shall be storing personally applicable data insofar as it is of significance for the performance of the contract.

17. Where not otherwise stipulated in these »General Business Terms and Conditions Governing Advertising Orders«, our »Allgemeine Lieferbedingungen« (»General Terms and Conditions of Supply«) shall apply.

18. Any oral agreements not in keeping with the conditions for delivery and payment must be in writing.

19. If the client's billing address differs from his mailing address, the client must inform the publishing company accordingly and provide the appropriate address.

20. If one of the above conditions violates any law or regulation, the validity of none of the other conditions is affected. In such a case, the void condition should be interpreted in a manner that permits the achievement of the aim the void condition was intended to achieve.

Munich, September 2018
